

Located 120 kilometres inland from Rabat, in the foothills of the ATLAS Mountains, the region of Meknes, by virtue of its altitude, its amount of sunshine and its mild temperatures, is the favourite country for vineyards in Morocco.

Cradle of the Designation of Geographic Origin (AOG) areas of GUERROUANE, BENI M'TIR and of the Designation of Controlled Origin (AOC) area of "LES COTEAUX DE L'ATLAS", this region concentrates today more than 60% of the Moroccan wine production. Therefore, it came naturally to

LES CELLIERS DE MEKNES to settle in the heart of those vineyards. Apart from controlling vineyards over almost 2000 hectares, managed by a team of professionals loving earth and their trade, LES CELLIERS DE MEKNES are the owners of winemaking equipment located in the centre of the vineyards, combining together tradition and modernity.

With the introduction in Morocco of noble varieties of vine, like CABERNET SAUVIGNON, MERLOT, SYRAH or even CHARDONNAY, the use of oak barrels for ageing, and with the creation of the first and only Moroccan AOC, LES CELLIERS DE MEKNES were always eager to brandish with pride the colours of a long Moroccan wine tradition.
