

Hijos de Antonio Barceló is a Centenary Bodega of Spain, winemakers and cultivators of quality since 1876. From the very beginning back in Málaga, H.A. Barceló has built up a prestigious reputation for the quality of our wines, specially crafted from start to finish for the development of international brands.

Striving to differentiate our products through quality, H.A. Barceló has developed a flexible portfolio of prestigious wineries, varietals and associated brands, each adapted specifically for its own market. In addition, the building of brand leaders in each segment and the exploitation of these brands globally has allowed us to remain competitive, while continuing to develop successful new lines of business.

In 2001, we inaugurated in Laguna de Duero the new installations for Bodegas Peñascal, the most cutting edge bodega in the region. Modern technology meets a 100-year-old winemaking tradition to create wines synonymous with quality.

The Realeza wines are crafted and aged at the Bodegas Penascal winery, where only from the finest grapes find their way into the unoaked Realeza Tinto, and the 6 months, oak aged, Cuvee 6.
