

CRATER LAKE

CRATER LAKE RYE WHISKEY

OREGON • USA • NORTH AMERICA

TECHNICAL DETAILS

A true American rye whiskey, Crater Lake Straight American Rye revives the tradition of pre-prohibition small town family brands. Distilled from 100% rye grain then aged in American Oak to a rich honey color, this classic spirit starts smooth with notes of creamy toffee and vanilla, followed by peppery spices and a soft oak character.

TASTING NOTES

Crater Lake Rye Whiskey hopes to revive the tradition of these small family brands that were lost during Prohibition. Crafted from 95% rye grain and pure Cascade Mountain water, the character of our rye is rich with deep toffee notes and a peppery spice that defines true American rye whiskey.
